

BLACKFOOT TIPS

All our tipis are made from GRADE A 12 oz. double-fill untreated canvas which is considerably stronger than the single fill 10 oz. canvas other manufacturers use. Choose from two styles of tipis. Our "HERITAGE" style features hand-stitched buttonholes and traditional canvas peg loops. Our "STANDARD" features machine-sewn buttonholes and black or white nylon web peg loops. All tipi liners are made from 7.5 oz. untreated canvas. Liners 9'-16' are made in one piece, 18'-30' liners are made in three sections. All tipis include a door and come in a heavy woven polyethylene storage bag. For tipi made with FR material please contact us.
